

Testimonials

The stain colors and finish are gorgeous! There were no problems, no mess. The workers were very careful in our home and the job is well done. Perfect!

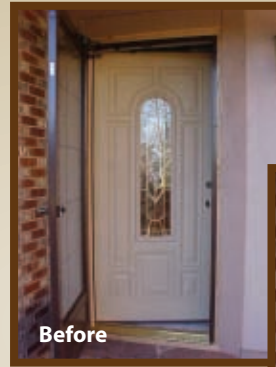

Norma Hollister

The wood stain finish on the door came out like a work of art. It made my wife and I completely satisfied with the whole project. It couldn't have turned out better!

Guy King

I would be more than happy to recommend your services. Your workmen were professional and courteous. They were most helpful and answered all our questions and concerns.

Dave Witmer

Before

After

Have your new fiberglass door project stained and finished by a professional. We will create a color of your choice, or we can provide a sample. We can match your existing woodwork or, even match a color from a picture in a magazine.

- **Update Your Entry-way**
- **Professionally Applied Products**
- **Nearly Any Stain Color is Available**
